

Product information

- This kit can be used to build a shielding lamp from existing lamps or lamp shades. The handmade lamp shades offered by Biologa Danell are the ideal complement for any lamp with all-round shielding. Applications as living room, dining room and effect luminaires.
- for lamp shades up to 2 kg
- Select the length of the cable and the type of lamp shade (open at the bottom) so that the table is evenly illuminated but persons sitting opposite are not obscured.
- Effective shielding basket for G9 LED approx. 1.4 V/m at a distance of 10 cm less than 1 V/m at a distance of 30 cm (according to TCO)
- Design and production in Germany

Order-No.: 730232 - 41-7600
Short-Desc.: LA-ES-PEN

Product sheet - Shielded lamps

Electric kit LA-ES-PEN

Technical data

Colour:	brushed steel, cable white
Operating voltage:	230 VAC / 50 Hz
Dimensions:	see drawing
Light source LED:	1 x LM-LED-G9-55 (5,5 Watt) 485 lm (≈ 41 W)
Light source HV:	1 x max. 48 W (≈ 60 W Bulb load) Please observe the manufacturer's specifications of the lamp shade
Cable:	200 cm, 3 x 0,75 mm ² shielded
Frame size:	E27 (adapter to G9 incl.)
Protection class:	1 (With ground wire)
Shielding alternating electric field:	all components of metal, protection class 1
Shielding basket:	1 x Spiral stainless steel
Test according to:	TCO'99 (MPR II, DIN EN 50279) Limits undercut by a factor of 20 and more for all measurement methods. Undercut by a factor of 20 and more

Package including

Electric kit with 1 x light source LM-LED-G9-55 - 5,5 W,
